

We did it...again!

We are very pleased to announce that we had another successful auction. A rough estimate puts us at approximately \$9,000.00! With over 200 donated items, there was something for everyone who attended. The auditorium was full with Glenview families, friends and neighbours. It was a fun event that we could not have organized without the help of the following people.

-Our generous Glenview Families who gave more than they needed to.

-Auctioneer, John Nutter, a Glenview Alumna, who enjoys giving back to his community.

-A committed and hardworking Auction Team and Auction Night Parent Volunteers. You know who you are...you guys were outstanding!

-Our supportive Glenview Staff.

-And, our Community Donors. Please see list of donors attached. Whenever you can, please remember to try and support the businesses that support our school.

Thank you very much for your time, donations, commitment, support and hard work!

Special thanks to Maplehurst Public School for their ongoing support.

As previously mentioned, our fundraising profits will be used in the following areas of focus. Specific dollar amount will be allocated at the next council meeting.

Healthy Snack Program
Music & Sports
Library Books
Technology
Scientist in the Classroom

Glenview School Council is committed to our primary goal of making Glenview the best that it can be by providing support in areas where it benefits the overall student population. Council appreciates all the help and support it receives from our parents, students, staff and community in order to reach that goal.

Thank you very much!
